PREFACE

This volume, completing the thirty-eighth year of the Industrial Arts Index, cumulates the monthly issues published from December, 1949 thru November, 1950. No new periodicals were added to the list this year. One periodical, *Plastics*, was discontinued with the November, 1949 issue. *American Society of Civil Engineers Proceedings* ceased publication as a monthly with the January, 1950 number. In its place the *Proceedings* papers are now published as separates and are indexed in this volume. Changes in titles of periodicals are noted as they occur in the announcement pages of the current numbers of the Index and in the List of Periodicals Indexed.

Thanks are due Mrs. Dorothy W. Sargent who indexed the insurance and financial periodicals part of the year, and Miss Doris Dart for her contribution to the chemical indexing.
